

Before class: Gather paper and art supplies for your students. Print the worksheet below and cut it into three parts.

1. Tell students they are going to listen to the song "Be Me" as they begin to draw a picture based on one of the phrases from the song.
2. Ask students to choose one phrase and write it at the top of their paper.
3. Then, ask students to draw what the phrase means to them. Tell them to be as creative as possible.
4. When students are finished, they can show the class their drawing and explain the meaning behind it. Alternatively, you can have an art show. Display the art in the classroom. Half of the students will stand by their art ready to explain it while the other half of the class walks around to look at the art. Then, they will switch and the students who were walking around will stand by their art and explain it to their classmates.

Choose one of the following phrases from the song *Be Me*. Draw a picture of what the phrase means to you.

Been climbin' up here for a while

With no map, just me on the open road

It's the real me, it's the real me

I'm running my own show
